

1 - Install JDK

Download and install JDK from the following website

<https://www.oracle.com/java/technologies/downloads/>

Note : Recommended JDK version is 8

After the installation, check via terminal

java -version

```
[serkan@NC-serkan-FVFG111RQ05N ~ % java -version  
openjdk version "18.0.2.1" 2022-08-18  
OpenJDK Runtime Environment Temurin-18.0.2.1+1 (build 18.0.2.1+1)  
OpenJDK 64-Bit Server VM Temurin-18.0.2.1+1 (build 18.0.2.1+1, mixed mode, sharing)
```
